Stab TP BZ

Barium Zinc Stabilizer

STAB TP BZ;

- Is general purpose non-toxic heat stabilizers for flexible and semi-rigid calendered and extruded products.
- Suitable for use in artificial leather and toys sectors.
- Increases the efficiency of the light stabilizers.
- Excellent long term heat stability, which is specially designed for high polymerization PVC resin processing under high temperature.
- Self-lubricating which can be used alone as one-pack or to be co-used with powder stabilizers.
- Conform to the green environmental standards RoHS, and PAHs.
- Excellent anti plate-out and anti bleeding properties for better printability.
- Excellent miscibility with PVC resin and plasticizers.
- Improved heat stability when co-used with ESBO.
- Good anti sulfur staining and weatherability properties.

PROPERTIES

Chemical Characteristics	:	Barium – Zinc complex
Appearance	:	Clear red-brown solution
Specific Gravity	:	0.960 ± 0.030 (30℃)
Viscosity	:	80 ± 30 cps(30℃)
Metal content:		7.35%
Storage Stability	:	1 years under cool and dry storage conditions in orginally packing
Packing	:	Drums containing 200 kg net
Dosage	:	2 – 3 phr
